

Exhibition Park in Canberra Outdoor LED Display

PROJECT DATA SHEET

THE EXHIBITION PARK IN CANBERRA (EPIC) HAS DISCOVERED THE POWER OF LED WITH THE INSTALLATION OF A NEW OUTDOOR MULT-LINE LED DISPLAY FOR THEIR ENTRANCE.

August 2006

The new outdoor display is located on the busy Northbourne Ave (the Federal Highway) which leads out of the capital city.

The new display is both stylish and functional, communicating what's on at the centre as well as clearly defining the entrance.

Key features:

- ♦ 4 Lines of 21 Characters
- ♦ Character Height 200mm
- ♦ UltraBright Yellow LEDs
- ♦ Viewing Distance Approx. 120m
- ♦ Branded Side Light Box
- ♦ Polycarbonate Face
- ♦ GSM Modem Communication
- ♦ User-friendly Multi-Line Software

Staff at EPIC program the display to read upcoming events and other information relating to the centre's activities.

The support structure and installation was provided by Booth Signs.
